Huawei online course

WORK EXPERIENCE

Sept 2021-Jan 2022: Dapa Network Company

- Assisted in the development of responsive web applications using HTML, CSS, and JavaScript.
- Collaborated with a team to troubleshoot and resolve issues related to internet connectivity and network configuration.
- Contributed to the maintenance and repair of computer networking equipment.

PROGRAMMING PROJECTS

Sea Port Billing System

Technologies used: HTML, CSS, JavaScript, and MySQL

Developed a web-based application for recording imports and exports, managing merchants, and facilitating billing processes. Implemented an admin panel, merchant panel, and billing personnel panel.

Rentals Management System

Technologies used: HTML, CSS, JavaScript, and MySQL

Created a web-based platform for landlords to efficiently manage tenant rent payments and tenant registration. Implemented features for adding and removing tenants.

E-commerce Website

Technologies used: HTML, CSS, JavaScript, and Firebase

Developed a responsive e-commerce website with features such as product listings, shopping cart, and secure payment integration. Implemented intuitive user interfaces and optimized performance.

Pharmacy Website

Technologies used: HTML, CSS, JavaScript and Firebase

Designed and developed a pharmacy website with features including product catalog, online ordering, and prescription submission. Implemented a clean and user-friendly interface to enhance the user experience.

SKILLS

- Proficient in HTML, CSS, JavaScript, and ReactJS
- Strong understanding of responsive web design principles
- Familiarity with version control systems such as Git
- Knowledge of database management systems like MySQL
- Excellent problem-solving and debugging skills

SOFT SKILLS

- Effective communication
- Team collaboration
- Critical thinking
- Adaptability and flexibility

HOBBIES

- Contributing to open source projects

- Keeping up with the latest web development trends
